

# IT'S IN YOUR HEART TO GIVE

## Welcome to The Mikey Network!

Today you have the opportunity to get involved in something truly special.

It's your chance to join us as a sponsor of the very gratifying work we do, and to save a young life, or possibly a great many lives.

A MIKEY public-access defibrillator costs \$2,000, a small price to pay considering its huge life-saving potential!

Our goal at The Mikey Network is to raise the \$500,000 required to put a MIKEY into each and every one of the 250+ public schools in Peel Region.

**Your sponsorship** will be recognized by a mounted plaque at each MIKEY location that you help finance, while all donors will be acknowledged by name in the List of Valued Supporters on our Mikey Network website.

**So find it in your heart to give generously...and give someone a second chance at life!**
